5 GOOD REASONS FOR

UNIVERGE® SV9100 SOFTWARE ASSURANCE

1

KEEP UP TO DATE

Software Assurance helps protect your investment in your UNIVERGE® SV9100 communications solution by future-proofing the system and accessing the latest technology. It's the most effective way of keeping your system up to date and helps your business stay competitive.

SAVE MONEY

Your NEC SV9100 communications system typically has two major upgrades per year and includes literally 100's of feature enhancements over a system's lifecycle. Taking Software Assurance provides considerable savings compared to numerous individually charged upgrades.

2

3

STAY SECURE

An essential upgrade for the SV9100 included the enablement of the Toll Fraud Guard application. An estimated 85% of businesses are considered vulnerable to fraudsters. This helps prevent an attack that could potentially cost your business 1,000s!

PEACE OF MIND

Software Assurance provides you with the best possible support from your reseller plus a direct link to NEC's Technical Support & Development Team, for the highest level of support expertise – the ultimate re-assurance. And you'll never have to worry about unforeseen software expenditures.

4

5

BUSINESS CONTINUITY

As well as enhancing your communications, NEC's ongoing innovations provide a variety of business enhancements, including increased productivity, time and cost saving and more.

5 GOOD REASONS

\Orchestrating a brighter world
